

DI IN INDIA

DI has helped member companies realize their international ambitions since 1996.

Are you considering expanding your business to India, or do you want to strengthen your business and exports to India? We help you with advisory and starting a business in India, from establishment to business development.

Our services include:

- Market analysis
- Partner search
- Establishment of a local entity
- Recruitment of local employees
- Access to shared office space in Mumbai or Chennai
- Company administration
- Business address
- Virtual representation

Networks

For companies exporting to the Indian market, we also offer the opportunity to become part of one of our networks:

- DI India's network for the Dairy Industry
- DI India's network for the Wind Industry
